## Jean-Baptiste Mazella

Jean-Baptiste (JB) started his hairdressing career in the late 1990's at his mother's salon, located in his home town in the south east of France.

After 2 years of training and with a diploma in his pocket, he moved to Switzerland (Lausanne) where he started his international career.

In 2001, he moved to London to join **Vidal Sassoon** and was quickly appointed creative Director - his job role took him to teach in salons and academies as well as take part in shows everywhere around the world.

In 2011 he co-founded **Mazella&Partners**, a hair education company based on a revolutionary concept of 'universal understanding of precision cutting & colouring'. With almost 10 years of activity, M&P recently opened their first Salon & Academy in central London and teach some of the very best hairdressers in over 60 countries around the globe.

In 2019 JB and his team developed « LIVE WITH », a global social media phenomenon that dazzles hairdressers around the world by gathering top hairdressers and barbers who share their knowledge and skills with all the viewers.

In 2020 JB became a global PAM for the prestigious **Mizutani** Scissors brand.

After 25 years in the industry, JB's proudest achievement remains his wonderful team!

"Success is Practice"

NOT JUST HOW TO CUT HAIR  
BUT WHY
